The livestock industry is the leading industry in Deren soum and the main source of the

daily subsistence of local people. The local people of Deren soum inherited the tradition of making

products from livestock from ancient time, and well-known with its horse and "Airag", and had

won in the competitions several times. Herders of our soum have own specific technique and

knowledge on making of Airag. Through this letter we would like to express our wish to inscribe

the "Traditional technique of making Airag in Khokhuur and its associated customs" to the

UNESCO Representative List of the Intangible Cultural Heritage of Humanity. It would be always

grateful to cooperate with you in the future on this matter.

To: The Center for the Cultural Heritage Under the Ministry of the Education, Culture and Science

My name is Sampil Gombodorj, I am a herder in the 4<sup>th</sup> brigade of the Erdenedalai *soum*, Dundgobi province. I live with 3 members of my family. I was herding since I was 16 years old, and until now live as a herder, keeping alive the nomadic cultural heritage transmitted to us from our ancestors.

Our family made airag since long ago, we even have "Best made airag" prize from the local provincial food and beverage trade fair. Erdenedalai *soum* is one of biggest livestock farming *soums* famous for its airag making technology, and airag taste. Therefore, our *soum* would like to express a wish to inscribe the airag making technology to the UNESCO's Intangible Cultural Heritage List.

I the herder of the Alag-Undur brigade, Deren *soum*, Dundgobi province, Odonpurev Jasrai was born in 1960, living with my wife and child. I became a herder since I was 16 years old, with help of my uncle Avarzed P.

Since 1980 I started herding horses at the Friendship union of the same *soum*. While serving the government I was fulfilling 100% the airag making norms and became famous among the local communities with the airag making quality and taste. For last 20 years, I have been participating in the airag making competitions on the provincial and national levels, and have received several highest prizes. Therefore, I would like to express a wish to inscribe one of the elements of the intangible cultural heritages transmitted to us from our ancestors, the airag making technology to the UNESCO's Intangible Cultural Heritage List.
